19) What were the best aspects of this course and/or instructor?

Angie is always so enthusiastic and passionate about her work/research and the well being of children. This passion trickles down into our class and we start caring more about learning about the growth of children and how it applies to everyday life.
She makes an effort to tie things we learn in class to real life; especially with the Service Learning options like Fit 4 Life & Fit 4 Tots.
