### I would describe this course as:

### What were the best aspects of this course and/or instructor?

#### Comments

One of Dr. Hughes strongest attributes is a genuine concern and curiosity about how students perform in his courses. It is apparent he genuinely wants to see his students learn the material and think critically to solve problems independently.

### Are there any aspects of this course or of the instruction that could be improved? If so, please explain.

#### Comments

Much of the course material, including lectures, are easily accessible online. This has made the online delivery of the class much smoother and was incredibly useful as a learning tool.

### Do you have any other comments about the course and/or the instructor?

#### Comments

I was nervous about taking the course online, as I am not usually fond of online delivery – but James Hughes made the course very easy to navigate and provided realistic and manageable weekly expectations to keep me on par. He is very accessible through office hours and has been incredibly helpful in ensuring my success in this course.
